NEXT MILE APPAREL

NEXT MILE TRACKER

YOUR MILES, ALL YEAR

1. Plug the tracker into any USB phone charger.
2. When the screen says **Let's get connected**, scan its QR code with your phone camera (or open WiFi settings and join **NextMile-Tracker**).
3. A setup page opens. Tap **Configure WiFi**, pick your home WiFi and enter its password. *2.4 GHz WiFi only.*
4. Scan the new QR code on the screen and pick your watch: Garmin, Apple Watch, Fitbit / Pixel or Polar.
5. Done. Your miles for the year update every 30 minutes and start fresh every January 1.

Tap the screen for goal & settings. **Hold 10 seconds** to erase and start over.
